

ONLINE VOICE LESSONS

technology and equipment recommendations

EQUIPMENT NEEDED FOR SUCCESSFUL ONLINE VOICE LESSONS

For all students taking online lessons:

- High speed internet
- A computer or tablet
- Headphones.
 - Any headphones will work; our favorites are the Beyerdynamic DT 990.
- *Helpful, but not required:* a second device (such as a phone), for playing accompaniment tracks.

Voice student-specific recommendations:

- A USB microphone.
 - This will greatly enhance your teacher's ability to give feedback specific to the nuances of your voice.
 - A couple of good options are the Blue Yeti or the AKG Lyra microphones.
 - Blue Yeti: <https://www.sweetwater.com/store/detail/YetiNano--blue-microphones-yeti-nano-usb-condenser-microphone-shadow-gray>
 - AKG Lyra: <https://www.sweetwater.com/store/detail/LyraUSB--akg-lyra-usb-microphone>
